CONFERENCES

ISPE (Denmark) - Apr. 2026

ENLIGHT (Switzerland) - Oct. 2026

Multilingual Translation

Multilingual professional with a background in pharmacy, a PhD in Pharmaceutical Sciences, and extensive experience in higher education, scientific writing, and international communication. Proficient in French, English, Persian (Dari), and Pashto, with expertise in medical, pharmaceutical, and technical terminology. Seeking to apply strong linguistic, analytical, and scientific communication skills to general and specialized translation projects.

PROFESSIONAL EXPERIENCE

Sept. 2025 – Now Lecturer

Industrial pharmaceutical technology laboratory (LTPIB), faculty of Pharmacy, Bordeaux University

Teaching pharmaceutical technology, GMP, and quality assurance

Contributing to quality management, laboratory audits, metrology and continuous improvement

Developing and reviewing scientific and educational materials in French and English.

Sept. 2022 – Aug 2025 Trainer

Vocational Education Society of the Rhône (SEPR), Lyon, France

Providing training in applied biology and dermocosmetics using an LMS system

Adapting scientific and technical content to different learning audiences.

Sept. 2019 – Jun. 2020 Project manager

Claude Bernard Lyon-1 University, France

Encapsulation of pigments for cosmetic applications

Proofreading scientific articles and reviewing technical documentation.

Dec. 2017 – Feb. 2018 Trainee (Industry)

GMP certified Pharmaceutical Laboratory (IKOP), Malaysia

Application of Design of Experiment (DoE) methodology

Manufacturing Process Validation of anti-microbial nano-emulsion

Oct. 2015 – Jul. 2019 Doctor of Philosophy (PhD)

Laboratory of Automatic Control, Chemical and Pharmaceutical Engineering (LAGEPP), Claude Bernard Lyon-1 University, Lyon, France

COMPETENCES

TRANSLATION & LINGUISTIC SKILLS

- Multilingual Scientific Communication
- Scientific and Technical Writing
- Proofreading and Editing
- Technical Document Review
- Content Adaptation for Different Audiences

DOCUMENT QUALITY & COMMUNICATION

- Terminological Accuracy and Consistency
- Scientific Literature Review
- Document Quality Control
- Technical Information Analysis
- Cross-Cultural Communication
- Confidentiality and Professional Ethics

SPECIALIZED TRANSLATION COMPETENCIES

- Medical & Pharmaceutical Terminology
- Scientific & Technical Documentation
- Regulatory & Quality Assurance Documentation
- Scientific Writing & Proofreading
- Educational & Training Materials

LANGUAGES

French (fluent)
English (fluent)
Persian (native)
Pashto (fluent)

Management and conducting:
- Experiments planning
- Specifications requirement writing
- Design and characterization of nanoparticles for dermal use
- Analysis of Data
- Writing of chapters, articles and study protocol
- Protocols validation (*In vitro, ex vivo* and *in vivo* study) and analytical methods
- Collaboration with other laboratories for *in vivo* studies in rats
- Scientific articles publication in international journals (https://www.researchgate.net/profile/Waisudin_Badri2)

May – Jul. 2013 Trainee
Edouard Herriot Hospital, Lyon, France
Automatic hard gelatin capsules machine cleaning validation

Mar. 2007 – Aug. 2012 Assistant Professor
Faculty of Pharmacy, Kabul University, Afghanistan
Teaching of Good Manufacturing Practices (GMP) and medical devices
Supervision of pharmacy bachelor students
Development of partnerships with local pharmaceutical companies

TRAINING AND DIPLOMA

2026 AI and Ethics: Understanding the Challenges of Effective and Responsible AI Use in Your Business (Training)
Nouvelle-Aquitaine Chamber of Trades and Crafts, France

2024 Fundamentals of Pedagogy (Training)
Chamber of Commerce and Industry, France

2015 – 2019 PhD – PhD in Pharmaceutical Technology
Claude Bernard Lyon-1 University, France
Thesis: Preparation of polymeric nanoparticles for topical anti-inflammatory applications

2016 Project Management (Training)
MOOC Central School of Lille, France

2012–2014 Master in Health and Medical Engineering - Pharmaceutical Technology and Cosmetology
Lyon Polytech Engineering School, France

2002-2006 General Pharmacy Diploma
Kabul University, Afghanistan
